Making Time for Advocacy

(Joint session with Group 7/8EDs)

Every nonprofit should engage in at least some amount of issue advocacy, no matter its size. How can we make the time, maximize those precious minutes, and prioritize which state and local nonprofit policies to track and act upon? Guest speakers will help identify the top trending issues that nonprofits from large and small states are grappling with and how to understand them against the backdrop of what's happening at the federal level. In addition, they'll offer suggestions on how EDs can engage in advocacy most effectively and efficiently.
