For more than 100 years, the Pittsburgh Symphony Orchestra has been an essential part of Pittsburgh's cultural landscape. The following maps are intended to serve as tools to display the PSO's reach in the community. Each map symbol represents the various educational, youth group, faith-based, arts/cultural, and social/community services organizations that were reached through the PSO's Education and Community Engagement Programs from 2008-2011. The type of each entity that was reached is indicated on each map's key. The relationship depth of each touchpoint varies.
