## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
American Symphony Orchestra League  
(d/b/a League of American Orchestras)

### ***Opinion***

We have audited the financial statements of American Symphony Orchestra League (d/b/a League of American Orchestras) (the "League") which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of American Symphony Orchestra League (d/b/a League of American Orchestras) as of June 30, 2022 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the League and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Report on 2021 Financial Statements***

The financial statements of the League as of and for the year ended June 30, 2021 were audited by Marks Paneth LLP, whose attest-related assets were acquired by Mayer Hoffman McCann P.C. and whose report dated October 25, 2021 expressed an unmodified opinion on those statements.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the League's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the League's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the League's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

In August 2020, the League incurred an operating lease obligation totaling \$27,885 for an office lease.  
As a result, operating lease right-of-use asset of the same \$27,885 was also recognized.

During the year ended June 30, 2022, the League received forgiveness of its loan payable of \$432,217.

**(d/b/a LEAGUE OF AMERICAN ORCHESTRAS)**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES**

American Symphony Orchestra League (d/b/a League of American Orchestras) (the “League”) was founded in 1942 and chartered by the United States Congress in 1962. One of the nation’s largest performing arts service organizations, the League comprises approximately 700 member symphony, chamber, youth and collegiate orchestras of all sizes, and links a national network of thousands of instrumentalists, conductors, managers, board members, volunteers, staff members and business partners.

The League supplies guidance and support to the orchestra field through: collection and dissemination of critical information and knowledge across multiple channels, including a national conference and award-winning magazine; nationally recognized learning and leadership development programs; dedicated advocacy and strategic communications activities; targeted research and development projects; and leadership around collective action.

Examples of recent and current League initiatives include: programs and materials on financial management in tough economic times and problem-solving for emerging administrative leaders; an online career center; the field’s first review and analysis of audience demographic trends; assistance in obtaining visas for foreign guest artists; a study of innovation in orchestras; and a national orchestra food drive.

The League is exempt from federal income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code and from state and local taxes under comparable laws.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- A. ***Basis of Accounting*** – The League’s financial statements have been prepared on the accrual basis of accounting. The League adheres to accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- B. ***Cash and Cash Equivalents*** – All highly liquid instruments with a maturity of three months or less when acquired are considered to be cash equivalents.
- C. ***Basis of Presentation*** – The League maintains its net assets under the following two classes:
- Without donor restrictions – includes the net assets that are not restricted by donor-imposed stipulations.
  - With donor restrictions – includes net assets subject to donor-imposed restrictions. Some resources are received with donor stipulations that limit the use of the donated assets or place time restrictions on the resources. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Other resources received with donor stipulations have been designated by the donor to be held and invested in perpetuity. The income and net capital appreciation from these restricted assets are available for restricted purposes, in accordance with donor intent. Contributions received with donor-imposed conditions and restrictions that are met in the same reporting period are reported as support without donor restrictions and increase net assets without donor restrictions.
- D. ***Investments*** – Investments are carried at fair value as discussed in Note 6 and include cash to be reinvested. Unrealized gains and losses are included in the accompanying statements of activities. Donated securities are recorded at their fair value, as determined using quoted market prices at the date of donation and are sold immediately upon receipt by the League. Dividend and interest income are recorded as earned. Net investment earnings on the endowment funds are recorded as net assets with donor restrictions until appropriated by the board.

**(d/b/a LEAGUE OF AMERICAN ORCHESTRAS)**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

- E. ***Property and Equipment*** – Property and equipment are recorded at cost less accumulated depreciation and amortization. The League capitalizes furniture and fixtures with a cost of \$500 or more, equipment with a cost of \$750 or more and all other property and equipment with a cost of \$2,500 or more and a useful life of greater than one year. Amortization of leasehold improvements is provided using the straight-line method, applied
- F. ***Revenue Recognition*** – The League recognizes membership dues from its orchestra members as revenue ratably over the period to which the membership relates because the benefits to their members are consistent throughout the year. The League's members receive access to resources and other relevant information which is considered a single performance obligation. Membership pricing is determined using a tiered approach depending on the type of Orchestra member (i.e., Youth, College or Professional Orchestras). Members are billed for their dues at the beginning of the membership period, and payment is required at that time. The League's membership period is from October 1<sup>st</sup> to September 30<sup>th</sup> and material amounts that relate to the following fiscal period are reported as deferred revenue.

Revenue generated from meetings and seminars is recognized at the time the meeting or seminar takes place. The price of the meeting or seminar is specific to those particular events depending on the cost to the League. Any amounts received in advance are recorded as deferred revenue. Revenue generated from Symphony magazine is recognized ratably over the subscription period of the magazine.

The League's accounts receivable and deferred revenue balances as of July 1, 2020 were \$134,185 and \$444,564, respectively.

- G. ***Contributions*** – Contributions are recognized when the donor makes an unconditional promise to give. All contributions are considered to be available for general use unless specifically restricted by the donor. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met or the donor has explicitly released the condition. There were no conditional contributions for the years ended June 30, 2022 and 2021. Contributions to be received over periods longer than a single year are discounted at an interest rate commensurate with the risk involved. As of June 30, 2022 and 2021, the League determined that no allowance is needed for uncollectible contributions and other receivables. Such estimate is based on management's evaluation of the creditworthiness of the donors, the aged basis of its receivables, as well as current economic conditions and historical information.
- H. ***Functional Allocation of Expenses*** – The costs of providing the various programs and supporting services have been summarized on a functional basis in the accompanying statements of functional expenses. Expenses that can be identified with a specific program or supporting service are charged directly to that program or supporting service. Certain costs have been allocated among the programs and supporting services benefited. These expenses are allocated on the basis of time and effort on various projects from each staff member's timesheets for the month. The expenses allocated include salaries and wages, fringe benefits, consultants, awards, meetings, travel, printing, occupancy, office supplies, postage, telecommunications, equipment rental, insurance, staff training and depreciation and amortization.
- I. ***Fair Value Measurements*** – Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels, as reported in Note 6.
- J. ***Use of Estimates*** – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Operating investments include the board designated change capital fund which allows the League to invest in board approved change initiatives. It is invested 30% in equities and 70% in fixed income. Operating investments also consist of excess earnings from the League's general endowment. Earnings are recorded into operations each year. In addition to financial assets available to meet general expenditures over the next 12 months, the League expects and anticipates collecting sufficient revenue to cover general expenditures. As further described in Note 14A, the League has a line of credit for \$2,000,000 that can be used to support its operations as needed.

**NOTE 4 – RESERVE FUNDS (Continued)**

The Board-designated Cash Reserve Fund is a revolving fund established to level out operating cash flow throughout the course of the fiscal year. The fund must hold its full value for no less than 30 (thirty) consecutive days during the course of each fiscal year.

The Working Capital Reserve was established through a grant made initially in 2006 and increased in subsequent years to create a working capital reserve intended to provide liquidity for short-term operating cash flow requirements throughout the course of the fiscal year. As required under the agreement, the fund has been fully replenished to its full value by September 30<sup>th</sup>.

**NOTE 5 – NET ASSETS WITHOUT DONOR RESTRICTIONS**

The League reported an increase of \$398,159 and \$362,615 for the years ended June 30, 2022 and 2021, respectively. The change in net assets includes noncash transactions and adjustments as follows:

	<u>2022</u>	<u>2021</u>

**NOTE 6 – INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)**

Investment income consists of the following for the years ended June 30:

	<u>2022</u>	<u>2021</u>
Interest and dividends	\$ 102,068	\$ 40,167
Interest on cash and cash equivalents	608	233

Less: investment fees	<u>(28,807)</u>	<u>(13,766)</u>
Total investment (loss) income	<u>\$ (693,522)</u>	<u>\$ 1,076,056</u>

The fair value hierarchy defines three levels as follows:

- Level 1 - Valuations based on quoted prices (unadjusted) in an active market that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are also obtained from third-party pricing services for similar assets or liabilities.
- Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models or similar techniques, and not based on market exchange, dealer, or broker-traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

In determining fair value, the League utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended June 30, 2022 and 2021, there were no transfers.

CommonFund investment programs are designed to generate superior long-term investment performance. The fund permits monthly redemptions with a prior five-day notice prior to month's end. There are no unfunded commitments.

Investments at June 30, 2022, are classified in the table as follows:

	<u>Level 1</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 10 – LOAN PAYABLE**

On March 27, 2020, in response to COVID-19, the federal government passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Among many other provisions, to help businesses retain employees, the CARES Act provides relief to qualifying businesses through a program called the Paycheck Protection Program ("PPP"). Participating in the PPP enables the business to obtain a loan from the Small Business Administration ("SBA") sector of the government. If the proceeds from the loan are used for specified purposes, some or all of the loan can be forgiven.

In accounting for the terms of the PPP loan, the League is guided by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 470 "Debt." Based on the guidance in FASB ASC 470, the loan would remain recorded as a liability until it is in part or wholly forgiven and legal release is received or the entity pays off the loan. Once the loan is forgiven in part or wholly, and legal release is received, the League will reduce the liability by the amount forgiven and record a gain on extinguishment.

On June 16, 2021, the League received notification of forgiveness from the SBA for their first PPP loan received on May 1, 2020. The League recorded a forgiveness of the loan of \$432,219 on the Statement of Activities for the year ended June 30, 2021. On December 20, 2021, the League received notification of forgiveness from the SBA for their second PPP loan received on May 20, 2021. The League recorded a forgiveness of the loan of \$432,217 on the Statement of Activities for the year ended June 30, 2022.

**NOTE 11 – LEASES**

The League leases certain office space and equipment. The League assesses whether an arrangement qualifies as a lease at inception and only reassesses its determination if the terms and conditions of the arrangement are changed.

As of June 30, 2022 and 2021, the right-of-use ("ROU") asset had a balance of \$2,714,013 and \$3,032,412, as shown in the Statements of Financial Position; respectively, the lease liability totaled \$2,932,504 and \$3,217,505 as shown in the Statements of Financial Position, respectively. The lease liabilities were calculated utilizing the League's incremental borrowing rate of 4.9% for leases in effect at the initial adoption date of July 1, 2019, and 5.3% for leases commencing in January 2020 and August 2020.

The League's office space lease is for a period of ten years, with one option to renew for a period of five years. The renewal period was considered when determining the initial lease term, but the League determined they are not reasonably certain to exercise that option. The League's Washington D.C. licensed space lease is for a period of two years and five months with no renewal options. Equipment leases are for a period of three to five years with no renewal options.

**NOTE 11 – LEASES (Continued)**

Total operating lease costs for the years ended June 30, 2022 and 2021 were approximately \$470,000 and \$464,000, respectively. In August 2021, the League negotiated a discount of approximately 33% with their landlord for their New York City office lease which resulted in a \$116,572 reduction in the League's rental payments for the year ended June 30, 2022. Total cash paid by the League in the determination of the lease liability was \$436,444 before landlord rent discounts of \$116,572, and \$421,384 for the years ended June 30, 2022 and 2021, respectively. The League did not consider this a lease modification because it was discounted due to pandemic related events. The weighted averages of the remaining lease term for the years ended June 30, 2022 and 2021 were 7.77 and 8.68 years, respectively. The weighted average discount rate was 4.9% for each of the years ended June 30, 2022 and 2021.

**NOTE 14 – COMMITMENTS AND CONTINGENCIES**

On June 29, 2017, the League obtained a \$1,000,000 line of credit, which was renewed for \$2,000,000 on February 18, 2022, with a maturity date of February 18, 2024. Under the terms of the agreement, interest is payable monthly at a rate equal to either the prime-based rate (which is defined as the greater of 2.25% or the prime rate minus 1%) or the daily simple SOFR rate (defined as the greater of 2.25% or daily SOFR plus 2.25%).

**NOTE 15 – CONCENTRATIONS**

**A. *Concentration of Credit Risk***

Financial instruments that potentially subject the League to a concentration of credit risk include cash accounts with banks that exceed the Federal Deposit Insurance Corporation ("FDIC") insurance limits. Cash accounts are insured up to \$250,000, per depositor, per financial institution. As of June 30, 2022 and 2021, there was approximately \$882,000 and \$473,000, respectively, of cash held by banks that exceeded FDIC limits. Such amounts include outstanding checks.

**B. *Concentration of Revenue and Receivables***

For each of the years ended June 30, 2022 and 2021, the League derived a significant portion of its contributions from one donor. Such revenue approximates 39% and 50% of total contribution and grants revenue for the years ended June 30, 2022 and 2021, respectively. The League carried a significant portion of its contribution receivables from a single donor. Such receivables approximate 49% and 62% of total contribution receivables as of June 30, 2022 and 2021, respectively.

**NOTE 16 – ENDOWMENT NET ASSETS**

U.S. GAAP provides guidance on the net asset classifications of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (“UPMIFA”). The guidance requires disclosure about an organization’s endowment funds, whether or not the organization is subject to UPMIFA.

The League’s Board of Directors has determined that as a federally chartered institution operating in the State of New York, the League is not generally subject to the not-for profit law of any state. Inasmuch as nearly all of the states, including New York, have enacted a version of UPMIFA, the League has implemented the general disclosure guidance of U.S. GAAP as it relates to endowment net assets. In accordance with U.S. GAAP, organizations are required to disclose any deterioration of the fair value of assets associated with donor restricted endowment funds that fall below the level, if any; the donor requires the organization to retain. Such deterioration may occur for a variety of reasons, including unfavorable market fluctuations. There were no deficiencies as of June 30, 2022 and 2021.

The League’s endowment investment policy is to invest assets into investment instruments approved by the Finance Committee of the Board of Directors with the allocation of funds based upon specified target percentages (or range of target percentages) for each type of investment instrument. The overall investment objective is to maximize the total return from income (dividends and interest) and the appreciation of investments commensurate with moderate risk across various asset classes. Any income on the League’s endowment funds and any increase in value over the historical dollar value at the time of the donation are generally utilized within the year earned for the program purposes. Unless authorized by the Board of Directors or the Finance Committee in compliance with the terms of the relevant contribution, the appropriations from the endowment funds do not deplete the value of any perpetually restricted endowment funds below historical dollar value at the time of donation.
