Notice: It is important to keep in mind antitrust rules governing competition that apply to this group discussion. While the agenda for this group includes discussion of a variety of issues that are crucial to orchestras' planning and strategies, the goal is not to agree on a single approach to these issues. With the benefit of analysis and discussion, each orchestra will be able to decide independently what course of action is best for its own organization. We ask you to avoid comments that relate to your orchestra's current or future plans for *ticket or event pricing (actual ticket prices, discount amounts), bargaining (including collective bargaining agreements or with vendors), or compensation.*
